

ZiboxLT provides a native-on-board Bluetooth Chip from Parrot

- ❑ Driver can safely use his mobile phone while driving, in law-compliant mode:

 - Enjoy your personal **Hands Free calls** on ZiboxLT amplified Speaker and high-sensitive Microphone
 - ZiboxLT acts as a “Bluetooth audio kit” for any Bluetooth Mobile Phone

- ❑ Driver save a lot of time and stress, avoiding traffic congestion and optimizing his trip :

 - Enjoy **Turn-by-Turn Navigation** on your Bluetooth Mobile Phone
 - ZiboxLT acts as a “Bluetooth GPS”, best powered and with high sensitivity well-placed antenna (better than consumer Bluetooth GPS)

- ❑ Driver listen to his favorite music on the best sound amplified car-radio

 - Enjoy your **mp3 / iPod music** through the car radio from your Bluetooth personal device
 - ZiboxLT enables stereo music streaming over bluetooth to the car-radio, for best multimedia experience
